

Discover www.somfyarchitecture.com

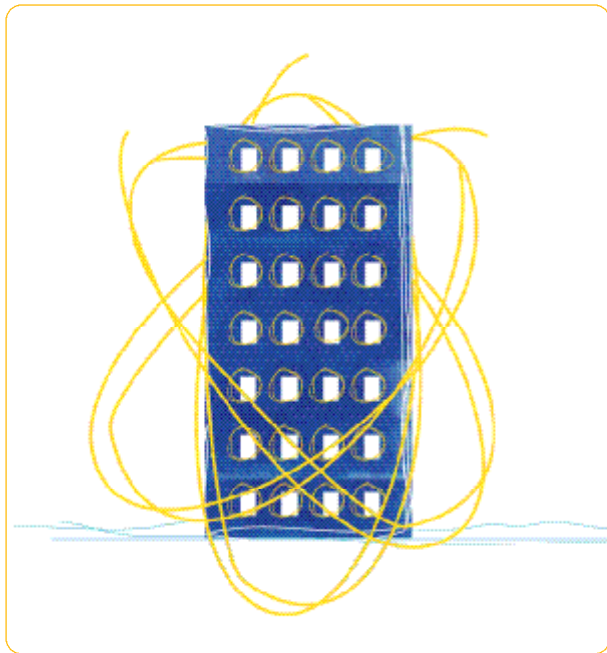

World leading French manufacturer and distributor of motors and control systems for homes and commercial buildings openings and closures, Somfy is proud to introduce its new website

www.somfyarchitecture.com

This website is dedicated to architects, investors, developers, home builders, engineers and quantity surveyors seeking information on Somfy and its solutions in the architecture and construction activity.

somfy.

O B J E C T I V E S

- To supply investors/specifiers with **editorial and interactive content** that position Somfy as a key actor in the construction industry for motorization and automation solutions that contribute to environmental comfort.
- To give designers, project managers and economists the essential **technical information** they need in order to make it easier for them to specify Somfy solutions.
- To supply Somfy with a very used channel for **dialogue** with these professions.

STRUCTURE AND CONTENT

The Home page is dedicated to develop Somfy's positioning in environmental comfort with explanation and animation on how Somfy solutions of **Dynamic Facades Management (DFM)**, contribute to:

Visual Comfort • Thermal Comfort • Energy Savings

From the home page you have access to 4 parts:

01 SOLUTIONS: SOMFY DECISION TOOL
Presenting a selection tool, that will help you to learn more about our solutions. The Somfy segmented solutions that fit the various applications of the market and the different functionalities you might use for your projects. An easy guide to choose the most adapted and convenient solution for your project.

02 REFERENCES: SOMFY GALLERY
In our gallery you'll have the opportunity to see Somfy solutions used in big projects around the world, in various activity sectors: offices, public sector, education, industrial, residential, hotels, leisure, commercial.

04

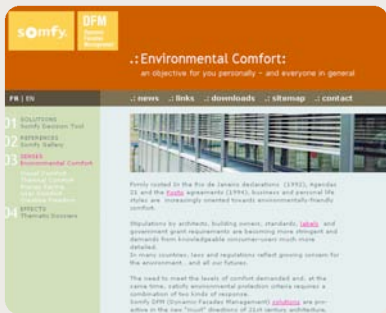

EFFECTS: THEMATIC DOSSIERS

Effects is a cultural part worked out by architects and designers, developing dossiers and news around Somfy's activity. Quarterly dossiers and news done by some specifiers will be published.

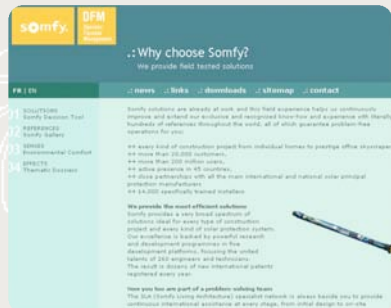

03 SENSES: ENVIRONMENTAL COMFORT

This part is dedicated to provide you with facts and figures on the contribution of Somfy solutions to environmental comfort, and to show you the benefits of automated solar protection and natural ventilation on visual comfort, thermal comfort, energy savings, user comfort, creative freedom...

From the download section, you can have access to many documents on our motors, controls and solutions.

Why Choose Somfy?
